FLINT RIVER RANCH

Oven-Baked Premium Health Food for Pets

Animals are like people—when they eat healthy foods, they look better, feel better, and live longer. By giving your dog or cat the most nutritious, wholesome pet food available, you can help ensure that you two will share many happy years to come.

Flint River Ranch premium food is made with **all-natural human-quality ingredients** and includes **no by-products or chemical preservatives**. Because our foods are oven-baked, they are easier for your pet to digest, which means that your dog or cat gets the **maximum nutritional benefit** from each bite. And unlike conventional pet foods, which are produced using a steam extrusion process, Flint River's **oven-baked foods** are high-density, packing more nutritional value into every piece. You feed 20-25% less to your pet, which can add up to significant savings!
